

veanavite®

The foundation for a lifetime of performance

PiggyPower

STOCKFEED ONLY

Veanavite PiggyPower Piglet Milk is a premium quality milk replacer scientifically formulated to maximise lean muscle development and growth potential of modern genotypes. A quality blend of spray dried milk powders have been selected and fortified with vitamins, highly available organic trace minerals and antioxidants to meet the nutritional requirements of the young piglet. Veanavite PiggyPower Piglet Milk also has an added Organic Acids, Betaine and Fibosel® B-glucans, all of which adds up to the best possible start for your piglets. It may be used as supplementation or substitution of sow's milk.
